Every Colorado. Every job. Every time.

The Colorado doesn't know "no". It'll take on anything you throw at it anywhere, anytime and won't be outdone, ever. And we're not just talking about the top of the range models. Every Colorado is built tough so no matter which one you choose, you'll get the same powerful 2.8L Duramax diesel engine giving you a 3.5 tonne towing capability, all backed by a 5 year unlimited kilometre warranty. With over 26 variants in the Colorado range, you can bet you're going to find one that's just right for you - 4 x 4 or 4 x 2, Single Cab or Crew Cab, Chassis or Pickup. You're more capable in the not to be outdone Holden Colorado.

Power ahead.

At the heart of every Colorado beats a big 2.8L Duramax diesel engine.

General Motors turns to the Duramax diesel engine range it developed globally, to power its trucks around the world. With credentials like that and years of proven performance, you know you've got a big engine that'll always perform at its peak. When you're overtaking out on the open road or up a winding hill, you'll feel the difference 147kw of power can make. This engine also delivers 500Nm* of torque so you get all the low down grunt to pull a heavy trailer or boat.

That's just the sort of capability you'll appreciate in tough, super slippery, muddy and steep situations. You know you'll be throwing all kinds of tools, equipment and other gear in the back, but thanks to a 1 tonne payload your Colorado will drive even better when it's fully loaded.

Weekend Warrior.

When you want to get away, get off the beaten track and get amongst it, your Colorado's your best mate.

It's capable of everything you are, thanks to Holden's DuraGrip system, which delivers more traction, more often. Most utes come fitted with a rear-locking differential, which has to be manually engaged and can't be used on sealed surfaces. DuraGrip transfers power to the wheel that has traction, automatically giving you superior on-road handling and all the capability you need to get dirty.

Roll Over Mitigation uses a variety of vehicle monitoring technology to reduce the risk of ending up with your Colorado on its roof. And Hill Descent Control is a system that cleverly enables your Colorado to crawl down the steepest decline without you having to brake. Every Colorado is loaded with technology like this to make the unaccessible, accessible.

Tow with more go.

Stepping up to a bigger boat, bigger caravan or bigger anything isn't going to phase the Colorado one bit.

With impressive 3.5 tonne towing, it won't be beaten. And when you're towing your pride and joy, Trailer Sway Control technology will minimise side-to-side movement, to keep you safer and help prevent potential accidents. There's also Tyre Pressure Monitoring*, making sure you have the right tyre pressure for the job. This ensures the Colorado is capable on and off road, whilst towing a heavy load.

*LTZ and Z71 models only.

Big on tech.

Take a look inside the Colorado and you'll see it's not to be outdone on the latest technology. Apple CarPlay® and Android® Auto take the things you like doing with your phone and put them on the colour touch-screen in front of you. You can get directions, make calls, send and receive messages, and listen to music, all in a way that lets you stay focused on the road ahead. That touch-screen is also where you'll find integrated Sat Nav* so you can forget about ever getting lost.

Remote Start* is tech built for purpose. Now you can start your Colorado remotely using your keyfob; great if you want to warm things up before jumping inside on cold winter mornings or cool it down in summer. And to make you even more comfortable, your leather^ seats are heated.

The engineers of the Colorado have thought of everything. They've even given you three 12V power outlets to make it easy to run extra lights when you're working late or put air into a biscuit before you jump in the boat.

*LTZ and Z71 models only.
^Optional on LTZ models, standard on Z71.

Strong on safety.

When it comes to keeping you safe, the Colorado once again refuses to be outdone.

It has been awarded a 5-star ANCAP safety rating across the entire range, with 7 airbags standard. There's even a driver's knee airbag for your added protection. One of the more advanced safety features is Forward Collision Alert with Head Up Warning[^]. This uses a digital camera mounted on the windscreen with state-of-the-art image processing to observe and warn you of vehicles stopping ahead. There's also Lane Departure Warning[^] to alert you when you're drifting out of your lane. Every Colorado gives you more peace of mind with two ISOFIX anchorage points to keep young ones safe. And when you're parking, a rear camera[#] and parking sensors[#] will help keep your Colorado looking as good as new for longer – just the way you want it.

5 FIVE YEAR UNLIMITED KM WARRANTY

5 year unlimited km warranty.¹

Now you're better covered with a 5 year unlimited kilometre warranty standard across the range.

You've got more peace of mind from the moment your new Holden is registered, so you can get in and enjoy it without a care in the world.

Take your time test drive.²

Take up to 24 hours to see if it's the car you feel completely comfortable with. Drive it to work, show your friends, see what the family thinks. There's no pressure and no 'hard sell'.

Know your cost servicing.³

Know what a scheduled service will cost before you even drop off your car, for the life of the car. Our trained expert technicians ensure your car is getting the best possible care.

Tailored to you finance.

With Holden Financial Services⁴ we offer competitive and flexible finance options that make it easy to get into the Holden that's right for you. You can organise the whole thing in one place, easy as that.

At your call roadside assistance

With Holden Roadside Assistance⁵, if the unexpected happens rest assured we'll be there to help. Flat battery, keys locked in the car, puncture.

Keep you moving rental service.

While your car's being serviced, take advantage of Holden Rental service⁶, where we give you the option of a replacement Holden. Because we believe nothing should keep you from driving.

A word about this brochure. We have tried to make this brochure as comprehensive and factual as possible. However, since the time of printing some of the information you'll find here may have been updated. Also, some of the equipment shown or described through this brochure may have been changed and/or is available at extra cost. Further, General Motors Holden Australia NSC Ltd ABN 60 603 486 933 (Holden), reserves the right to make changes at any time without notice, in prices, colours, materials, equipment and models. Your Holden Dealer has details, and before ordering, you should ask them to bring you up to date. No Holden Dealer or other person is authorised or permitted to give or make any statement, assertion or undertaking in relation to the quality, performance characteristics, descriptions, or fitness for any purpose of any Holden product which is at variance with any written statement, assertion or undertaking on any of these subjects given or made by Holden in its published sales literature and GM Holden LTD does not accept any liability for any such unauthorised action. Holden has authorised Dealers in many parts of Australia for the sale of service parts and the provision of service to owners of Holden's products. Every endeavour is made to ensure that such Dealers carry adequate stocks of service parts, but Holden doesn't make any promise other than that contained in the New Vehicle Warranty given by Holden that such parts or service facilities will be available at any specific location or at any particular time. Express warranties offered for Holden products are subject to the conditions set out in all vehicle handbooks. Details also available from Holden on request.
