The Polo.

The Volkswagen Polo has made a name for itself as the complete small car – stylish and fun to drive with a level of refinement unmatched in its class. The Polo displays all these attributes and more.

Combining innovation with a bold design statement and premium fit and finish, the Polo marks the next step in the evolution of Volkswagen's ever-popular small car.

A glance at Volkswagen's latest offering proves the Polo combines the best of old and new. Unmistakably a Polo, the sixth-generation version is nevertheless more masculine and expressive in its appearance, with its longer wheelbase, lower bonnet height and new arrow-shaped tornado line all distinguishing features.

The vehicle's bigger dimensions have allowed a raft of improvements, such as an increase in ride comfort, bigger boot space (an outstanding 25 per cent more), variable floor height in the boot and split/folding rear seats, all giving the Polo an assured and dynamic presence.

The Polo's traditional design cues remain, but new elements have been added to modernise and impress. As well as incorporating a trapezoidal-shaped bumper and LED daytime driving lights, the Polo has a new diffuser integrated into the bumper. A range of eye-catching alloy wheels, including 16" Sebring alloy wheels (optional R-Line package), add to the Polo's exciting new look.

Charismatic from every angle and featuring a suite of driver assistance systems to make every drive not only more enjoyable but safer and more efficient. Volkswagen's Polo is the definitive example of affordable small car fun.

Technology and Safety

The technology in the Polo makes every drive an invigorating one.

The Polo's elegant and functional 8" touchscreen Composition Media infotainment system is an example of the premium placed on entertainment. Incorporating a CD player, Bluetooth® connectivity, SD Card slot, multiple USB ports and six speakers, the system puts a world of infotainment right at the driver's fingertips.

App-Connect~ technology in the Polo allows you access to selected smartphone apps via Apple CarPlay®, Android Auto™ and MirrorLink®.

Impressive technology in the Polo doesn't just make it enjoyable to drive, it also makes the Polo exceedingly safe.

Drivers can take comfort in the knowledge that a number of active safety systems are incorporated as standard to ensure every journey is a safe one. Among them are Front Assist with City Emergency Brake (City EB) and Pedestrian Monitoring*, which uses a radar sensor discreetly located behind the Volkswagen logo to detect an imminent collision and help avoid or mitigate a potential impact.

Driver Fatigue Detection* and Multi-collision brakes are other ingenious safety devices that can help save lives.

Other driver aids are there to assist you every time you get behind the wheel. The Polo's Low Tyre Pressure Indicator issues a warning if ever a tyre needs air, while Rear View Camera (RVC)* provides the helping hand you need when reversing into a tight parking space.

*Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices.

~App-Connect is compatible for selected apps with the latest smartphone versions of iOS and Android, active data service, and connection cable (sold separately).

Exterior

The Polo takes its design architecture from each of the generations that precede it while incorporating new style cues that make it more contemporary, confident and expressive.

Bigger in length and width and with a longer wheelbase, this Polo is nevertheless slightly lower than the one before it, lending the Polo a forthright presence from every angle. When viewed in profile, the Polo's longer roofline that transitions into a roof spoiler provides an air of elegance, while longer side windows and a forward-reaching rear pillar add to the impression of extra length.

Eye-catching alloy wheels give the Polo a distinctive look, with 15" 'Sassari' alloy wheels available in the Comfortline variant.

From the front, expressive body lines that run the length of the bonnet and finish at the radiator grille give the Polo a confident air, as does the grille cross-bar in body colour paint that joins the headlights on the left and right.

Other stylish additions to the Polo include trapezoidal-shaped tail lights that are worked into the shoulder section of the car as well as a new diffuser integrated into the bumper.

The Polo is as functional as it is visually striking, with a number of clever features added to improve driver convenience. Electrically heated and adjustable exterior mirrors are a standard inclusion across the Polo range, while automatic headlight function and rain sensing wipers (available in the Comfortline variant) take the hassle out of using the Polo's switchgear when driving conditions change.

03 16" Sebring alloy wheels (optional R-Line package)

Interior

The Polo has its sights set on the future with a bold dashboard design that reimagines how driver and car interact.

In place of the traditional vertically oriented dashboard is a refreshed layout that puts key features such as the Polo's infotainment system directly within the driver's line of sight. This appealing new horizontal 'cross-panel' dashboard in the Polo is trimmed with metallic grey accents and blends seamlessly with the front doors.

A sense of spaciousness prevails within the Polo's cabin, while creature comforts such as height adjustment for the front seats and illuminated vanity mirrors (in the Comfortline) make driver and passenger feel right at home.

The Polo's luggage compartment is similarly roomy. With generous boot space available, you'll never have any trouble transporting suitcases or bulky packages. Plus, the Polo's practical split/folding rear seat backrest means odd-shaped items can be stowed easily.

Polo GTI

The Polo GTI balances striking design with instant recognition. Every element of the GTI – from its signature GTI honeycomb grille, lower air intake, and red brake calipers to the iconic GTI badging - has been designed to impress. Distinctive 17" alloy wheels, velvet red decorative inserts and sport front seats are additional Polo GTI hallmarks, while red headlight accents create a fresh sporty profile.

The Polo GTI's exhilarating 2.0-litre TSI turbocharged engine delivers 147kw of power, pushing it from 0-100km in a mere 6.7 seconds, whilst the 6 Speed Direct Shift Gearbox (DSG) excites with lightning-fast gear changes.

- 01 Polo GTI Sport Monitor
- 02 17" Milton Keynes alloy wheels
- 03 Polo GTI console with DSG gear lever and Keyless Access engine start button

Several features work together to make the Polo GTI even more exciting to drive. Extended Electronic Differential Lock (XDL) allows you to take corners with confidence, while the addition of Sport Select suspension as standard helps stiffen the vehicle's suspension (via electronically adjustable dampers) and alters the steering weight, accelerator response and sound actuator to produce a driving experience nothing short of enthralling.

The Polo GTI introduces new features including Dual zone climate control air conditioning, LED interior lighting and taillights as well as a Polo first with the convenience of Keyless Access and power folding door mirrors to help in tight situations.

Bring your personality to the forefront and make your Polo GTI uniquely yours with the optional Driver Assistance package, Sound & Vision and Luxury packages.

GTI with optional Luxury and Sound & Vision Packages shown

Optional Packages

Even in standard trim the Polo packs a punch when it comes to innovation and levels of equipment. That's not to say you can't add extra features to make your Polo even more unique.

By choosing to include the optional Driver Assistance package (Comfortline variant) drivers can rest assured an assortment of advanced safety technology is there for them when they need it most.

Included in the package is Adaptive Cruise Control (ACC)*, which helps the Polo maintain a safe distance between traffic ahead, and Blind Spot Monitor*, which uses radar sensors in the rear bumper to monitor when a vehicle is in the Polo's blind spot. In addition to this, the package also includes Park Assist*, Manoeuvre Braking, Multi-collision brake and Driver Fatigue Detection*.

Power folding door mirrors are a practical inclusion in the optional Driver Assistance package and can help protect your Polo from nasty side-swipes when parked in a tight space.

02 Blind Spot Monitor

03 Park Assist

*Safety technologies are designed to assist the driver, but should not be used as a substitute for safe driving practices.

Optional Packages

The optional Sound & Vision package introduces a new level of technology and design to the Polo.

This includes Active Info Display, Discover Media satellite navigation system, Beats premium audio system to provide a clean and distortion free music playback, and wireless inductive phone charging.

The optional R-Line package (available for the Comfortline variant) includes the iconic R-Line exterior styling, 16 inch alloy wheels, lowered sports suspension and dark tinted windows and rear window glass to take your Polo to the next level in terms of style and class.

Also available for the Polo GTI is the optional Luxury package which takes comfort and styling one step further with Art Velour microfleece upholstery, LED headlights, a panoramic glass sunroof, 18 inch Brescia alloy wheels and dark tinted window glass.

Volkswagen Choice

Volkswagen Choice

Guaranteed Future Value

Naturally we understand that your Volkswagen represents a valuable investment, so we understand that you want to maintain it in premium condition. Volkswagen Choice[^] is a finance program tailored to the requirements of Volkswagen owners by providing assurance around your Volkswagen's future value[^], whilst offering simple monthly instalment financing options.

Whether you are selecting your new Volkswagen for business or personal use, you can choose the contract term that best suits your requirements. Enjoy the confidence that comes from having locked in a minimum value up front to be attributed to your vehicle at the end of your contract[^]. There are also no account keeping fees with a fixed interest rate.

[^]The Volkswagen Choice Program consists of an option to return the vehicle to Volkswagen Financial Services (VFS)** at the end of the term and require VFS** to purchase the vehicle at an agreed price known as the Guaranteed Future Value or GFV as determined by VFS** and set out in your contract. At the end of the term, you can elect to: (1) trade-in the vehicle; (2) exercise the option to return the vehicle; or (3) retain the vehicle by paying the GFV. The GFV is not a representation by VFS** as to the likely market value of the vehicle as at the end of your contract. The option is available on new and demonstrator Volkswagen vehicles for selected models only. Please verify with your dealership the vehicles that are eligible for the program. The GFV will be reduced, and you will be liable for any loan contract deficit, if you exceed the nominated kilometre allowance and/or the vehicle is not in an acceptable condition in accordance with the Fair Wear and Tear Guide available at www.volkswagen.com.au. Other terms and conditions apply. The cost of the Volkswagen Choice Program is incorporated into the applicable interest rate. Please read the full terms and conditions. Please consider whether these products and services are appropriate for your circumstances. Before acting on any of the information on this page, please seek independent financial and tax advice. Full terms and conditions are available upon application. Available only to approved applicants of VFS**. Subject to credit assessment. Standard fees and charges apply. Fleet, government, rental buyers, hire car and chauffeur companies are excluded. Available at participating Volkswagen dealers. **VFS is a trading name of Volkswagen Financial Services Australia Pty Limited ABN 20 097 071 460. Australian Credit Licence 389344.
